DETAILED ACTION

1. This communication is in response to the Request for Continuation Examination (RCE) filed on October 12, 2005 and the Information Disclosure Statements (IDS) filed on October 12, 2005 and October 27, 2005 respectively. Claims 19-37 are pending in this application.

Drawings

2. The drawings filed on January 12, 1998 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftsperson's Patent Drawing Review," PTO-948 mailed on September 16, 1999, paper No. 9. In order to avoid abandonment of this application, formal drawings including corrections are required in reply to the Office action. The correction will not be held in abeyance.

Allowable Subject Matter

3. The following is a statement of reasons for the indication of allowable subject matter:

4. The prior art of record (Trade it Yourself Bank Machines Make a Debut Securities) teaches a system for a user at an automatic teller machine that has separate menus for banking and brokerage services, a screen offers a choice between information (stock prices and access to stock accounts) or trading. Customers who choose to trade through the system will pay a brokerage fee.

Even though, the prior art of record teaches a system for performing the above mentioned steps, the prior art of record fails to teach a method a method for a user at an automatic teller machine to obtain securities information and transactions comprising the steps of automatically prompting the user to select one information type from an information type group of holdings, stockquotes, symbol directory, and activity and orders when the user selects the securities function of obtaining information as discussed on page 5 of the decision of the Board of Patents Appeals dated March 10, 2005. For these reasons claim 19 is deemed to be allowable over the prior art of record, and claims 2-0-37 are allowed by dependency.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee, and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled Comments on Statement of Reasons for allowance.
